Music Is FUNdamental

My students need musical and rhythm instruments to enhance their academic achievement.

My Students

We are a public charter school which receives Title I funding, with 87% of our students coming from low income households and eligible for free or reduced-price lunch. Our school is establishing an Instrumental Music Program which teaches third through eighth grade students the basics of music and how to play a musical instrument. Most of these students have never played an instrument and are not aware of how music connects to math and reading.

Grades 3-5

100 Academy of Excellence

N Las Vegas, NV

*More than three-quarters of students from
low-income households ?*

Our students are exposed to fine arts at an early age in an effort to explore their creativity and enhance their academic skills.

My Project

Many of our students are disadvantaged and cannot afford simple things like a reed or a cleaning kit, not to mention a musical instrument, so to have these things available is a great advantage to our music department. Your donation will allow our students to use music as a way to tap into hidden talents while advancing their scholastic achievement.

What better way to introduce our first and second graders to music than with the various rhythm instruments provided in the rhythm band set.

The cleaning swabs, along with clarinet and alto sax reeds, are a much needed staple at our school. Also, the alto saxophone will provide an additional woodwind instrument for our students at the intermediate level to expand their knowledge of music comprehension.

Donations to this project are now being matched, thanks to support from An Anonymous Arts Funder. Every child should have access to essential art materials and experiences. An education in the arts makes children well-rounded, engaged, and active citizens of the world. This project has been supported in an effort to ensure that all students gain from the many benefits that arts education provides.
